The President, District Educational Council, S.Kanara.

Adverting to G.O.No. 106 Law(Education) dated the 25th January 1926, I have the honour to state that there are now 87 Elementary schools (including 7 complete Higher Elementary schools) under this Taluk Board. There are some more school-less villages in this Taluk and schools are likely to be opened in these villages also in the near future with the aid of Government subsidy. It has been found by experience that the present staff of my office cannot satisfactorily cope with the work relating to these Elementary schools such as the disposal of correspondence, checking and preparation of periodical returns, service registers and leave accounts, bills and the maintenance of all accounts of Elementary Education Fund. A separate Clerk in my office has

therefore been found to be absolutely necessary to attend to the above said work. The Taluk Board has therefore in its Resolution No. 492/6-5-1926 (copy enclosed) sanctioned the entertainment of a Clerk on a monthly salary of Rs 40-1-(annual,-50 with effect from 1st.April 1926. I request that Government may be pleased -- to accord sanction to the incurring of the expenditure from the Elementary Education Fund under the control of the Taluk Board. The necessary provision has been made in the next year's budget estimate of the Elementary Education Fund.

R.O.C No. 1409 B/26

Station Madras Dated the 16th August 1926

From (Name) R.G.Grieve Esq., M.A.,

(Designation) Ag:Director of Public Instruction

To The Secretary to the Government of Madras

Education Department.

Sir,

In submitting herewith letters C.No.55 Sup dated 8-3-26 and 29-5-26 from the President, Taluk Board, Udipi I have the honour to state that out of the 64 elementary schools for boys under the control of the Taluk Board only 19 are held in the Board's own buildings the accommodation in which is generally sufficient. A few schools which have been opened out of provincial subsidy are poorly housed. 23 schools are held in rented buildings and 22 in buildings free of rent for the present but for which rent will have to be paid in future. It is reported that almost all the new schools have been opened in house chavadies which for want of repairs

to

to the thatched roofs are damp during the rainy season. The equipment ~~in~~ almost all the schools is also reported to be inadequate. No additional teachers require to be employed by the Board. The financial position of the Elementary Education Fund is quite unsatisfactory and there is a large deficit. In spite of the instructions issued by Government to wipe off the deficit the Board has not taken any steps. The financial condition of the Board does not therefore permit it to incur the present expenditure.

2. As there are only 87 schools under the control of the Board and as the equipment of many of the schools is unsatisfactory the President Taluk Board's request is not supported. The Board should consider first how to make its Elementary Education Fund solvent before debiting to it such items of expenditure as the pay of the clerks etc. When the number of elementary schools exceeds 100 and when the financial position is made solvent the question may be considered.

I have the honourto be,

S i r,

Your most obedient servant
